The Honorable Tom Cole
Chairman
Committee on Appropriations

The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Lawrenceville Police Department Equipment and Technology Update Project in Fiscal Year 2026. The entity to receive funding for this project is the City of Lawrenceville Police Department located at 300 Jackson Street, Lawrenceville, GA 30046. The Lawrenceville Police Department would use the funding to purchase four standard police cruisers which would conduct high-visibility enforcement, RTCC hardware, first-aid kits, trauma bags, mechanical breaching kits, a hydraulic breaching kit, a reusable training breach door, 16' telescopic ladders, public safety camera trailers, Bluetooth communication equipment, safety barriers, ballistic shields, gas masks, and tactical camera kits. The project is an appropriate use of taxpayer funds because it will improve law enforcement response to active threats and help law enforcement provide emergency services to injured civilians.

The project has a federal nexus because the funding provided is for purposes authorized by section 501 of the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. § 10152).

I certify that I nor my immediate family has any financial interest in this project.

Sincerely,

David Scott
Member of Congress
